

Menard County Jr. County Livestock Show

“A major key to any successful youth program is a strong community infrastructure.”

Over the years Menard County students have been able to excel in their learning opportunities with their 4-H & FFA projects at the county level because of the strong community support and positive leadership from our community leaders and businesses. The Menard County Jr. Livestock Show Association and board of directors would like to thank the following individuals and businesses for their continuing commitment to the youth of Menard County.
