Southern Ag	Surflan A.S.	oryzalin
Vigoro	Preemergent Crabgrass and Weed Control	dithiopyr
Concern	Corn Gluten Meal	corn gluten meal
Nature's Guide	Corn Gluten Meal	corn gluten meal

While this is probably not a complete list of herbicides for preemergent weed control in home lawns, it does contain the herbicides I commonly found in garden and retail stores. Note, these products are labeled for the control of both summer and winter annual weeds.

Always instruct the individuals to carefully read the labels before purchasing and before using any of these herbicides to determine which grasses they can safely be used in and what weeds they will control.
